ZIONIST LEADERS CONSPIRE TO RAILROAD UNITED STATES INTO A THIRD WORLD WAR

WORLD WAR I

WORLD WAR II

PRICE IN CHRISTIAN BLOOD TO FURTHER ZIONIST AIM TO EXTIRPATE CHRISTIANITY

Our boys preparing to fight overseas in W. W. I. where Christian was pitted against Christian — 116,516 Americans killed in action; 204,002 maimed for life. Zionist pressure railroaded the U.S. into this unnecessary world war to acquire Palestine.

The end result of W.W. 2 where Christian was pitted against Christian — 405,399 Americans killed and 670,846 wounded. Anna Rosenberg took steps to remove the crosses from these graves. Zionist pressure railroaded the U.S. into this second useless war to further Zionist aims in Palestine.

The Palestine Arab Delegation has prepared this memorandum as a public service in the cause of world peace. We trust that American leaders in all walks of life, of every race, creed or color will do their share to frustrate the criminal conspiracy of the Zionist leaders who are scheming to plunge the United States and many other countries into a world war to protect their loot in Palestine.

It is incumbent upon Jews to silence the Zionist traitors who preach double loyalty or exclusive loyalty to the so-called "Jewish nation". Jews should wipe out the octopus of political Zionism by withholding financial, political and moral support for the world Zionist movement and the unlawful, immoral, racist, and fanatic Zionist regime in occupied Palestine.

ZIONIST LEADERS CONSPIRE TO RAILROAD UNITED STATES INTO A THIRD WORLD WAR

The presidents of the twenty-one major Zionist organizations in the United States entered into a conspiracy to pressure the Johnson Administration to commit United States Armed Forces to underwrite the Zionist illegal occupation in 80% of Palestine. Secret Zionist meetings were held for that purpose. Zionist members of the House of Representatives and Zionist Senators are actively contacting the White House and the State Department, and are lobbying in Washington and elsewhere for Zionist objectives.

Zionist leaders are urging President Johnson to make it clear, "That the United States would not accept growing preponderance of arms in Arab countries." Zionist leaders urge the United States to give the

Zionist regime in occupied Palestine all the funds it needs and all the weapons it requires, while denying sale of arms to Arab states. Zionists consider it imperative that the two million Jews in occupied Palestine continue to have superiority in weapons, qualitatively and quantitatively, over the hundred million Arabs. Zionists want their regime presently occupying Palestine to have sufficient deterrent power to thwart any Arab attempt to liberate Palestine. Furthermore, Zionist leaders want the United States to commit the use of United States Armed Forces to fight against the Arabs as the ally of the Zionists in case of an outbreak of war in Palestine.

This is the old story of the bandits when they get jittery and nervous because they learn the police authorities are catching up with them. The international Zionist gangsters in occupied Palestine want to possess superiority in arms to enable them to protect their loot, thereby preventing the indigenous lawful population of Palestine from regaining possession of the 80% of their homeland usurped by Zionist aggression.

It is an undeniable fact that Zionists in the United States have no loyalty to this country or to its interests. What concerns these Zionists the most is their loyalty to their "Jewish nation" and to the Zionist regime in occupied Palestine.

Dr. Nahum Goldman, president of the World Zionist Organization, himself a naturalized American citizen, in an address to the Ideological Conference of all Zionists, held in Jerusalem in the Spring of 1957, according to the official record published by the Conference is quoted as having stated:

"Diaspora Jewry must have the courage

to proclaim and defend its relationship of partnership and responsibility vis-a-vis Israel. It has to overcome the conscious or subconscious fear of so-called double loyalty. It has to be convinced that it is fully justified in tying up its destiny with Israel's. It has to have the courage to reject the idea that Jewish communities owe loyalty only to the states where they live . . ."

Again, in an address delivered by Dr. Goldman in New York City on January 9, 1959, Dr. Goldman is reported in the press to have stated:

"... Dr. Goldman challenged the Jews of America and of other countries to gather courage and declare openly that they entertain a double loyalty; one to the land in which they live and one to Israel. Jews should not succumb to patriotic talk that they owe allegiance only to the country in which they live — they should live not only as patriots of the countries of their domicile, but also as patriots of Israel."

Dr. Goldman was also quoted by the Jewish Daily Forward of January 9, 1959 to have stated:

"Jews are a single people with two vital centers — Israel and the countries of the exile. One must provide for the other, for the security of continued existence."

These views of Dr. Goldman, which he expressed while he was a citizen of the United States, are shared and confirmed by none other than David Ben-Gurion. In the year book of the Zionist regime in occupied Palestine for the years 1953-4, Ben-Gurion himself wrote the following on page 35:

"Even those Jews who have rejected the choice Aliya (emigration) which the Declaration of Independence offered them, view
